EVENTS (continued from page 37)

Thursday June 24 - 7:00 PM - Chautauqua & Lyceum Series - Franklin & Eleanor Roosevelt ThePlace@TheWoodward, 111 South Main Street, Mount Vernon, OH, 43050

Franklin & Eleanor Roosevelt [a.k.a. Ken Hammontree and Rachel Ball] were most likely our most beloved partners in the history of President and First Lady. They were both strong individuals and they helped America through one of its bleakest periods, World War II.

Opening the show - A 1940's Era Radio Show [It's A Bird! It's A Plane! It's A Surprise]

Boats Should Always Travel Counterclockwise Around the Lake

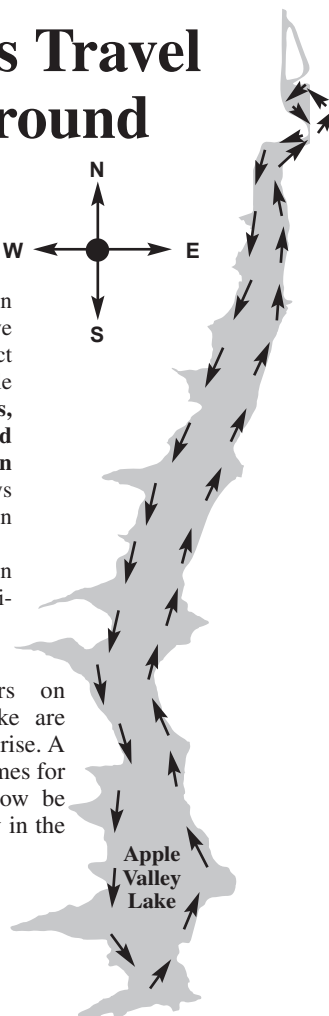

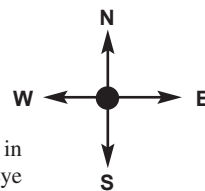

Keep Right!

The lake level is at full pool and the boating season is in full swing. The diagram on the right shows a bird's eye view of Apple Valley lake with arrows showing the correct direction boats should travel on the lake according to Apple Valley's lake rules. The rule states: **All watercrafts, including boats, personal watercrafts, non-powered boats, etc., must travel in a counterclockwise pattern except at no-wake speeds on Apple Valley Lake.** Always "keep right" while boating, similar to driving a car in America.

Please follow the counter-clockwise direction when boating on Apple Valley lake to help prevent boating accidents and keep boat traffic flowing.

No-wake hours on Apple Valley Lake are from sunset to sunrise. A chart telling the times for the month will now be published monthly in the Cider Press.
